

On This Side Of The Sun

By Phat

SUMMER—Summer officially arrived at shortly after 6 a. m. Wednesday. And the maximum that day was 89 degrees—not bad at all... Last year, the maximum on the first day of summer was 105... It must be getting cooler for the year before, the first day of summer the maximum hit 114... At the risk of having it turn hot just to show me up, here are the maximums for the last days of spring and the first day of summer for the past three years:

	1944	1943	1942
June 15	84	103	100
June 16	81	110	105
June 17	90	112	105
June 18	96	110	104
June 19	98	106	110
June 20	97	105	110
June 21	89	105	114

WEATHER—Incidentally, Wednesday was NOT the longest day of the year... Tuesday and Thursday were just as long... Many a motorist, out of No. 11 coupons for some time, said it seemed to be the longest day, however, for the No. 12 coupons became valid the next day... The Mohammedans never discuss the weather—to do so would be criticizing Allah... The secretary of my Society for Quicker Acquaintance wonders what the gentlemen on the Calcutta local say to start a conversation with the pretty girl across the aisle if weather talk is barred.

FOOD—Gordon Feeckings tells me he tried out one of my famous egg combinations—he used puffed wheat in scrambled eggs and found it good. I've tried it with several cereals. Who knows—maybe Eggs a la Phat will be on the menu at Gordon's next fall... Mrs. G. says that my egg combinations always remind her of the labels the Chinese put on their egg dishes only she spells it Fooie!—always using that handy exclamation point.

THIS AND THAT—About the neatest uniforms noted along Palm Canyon drive lately are those two shades of blue outfit worn by the Wasps—and I don't mean insects... A Villager—male, of course—after thumbing through a magazine and looking at the advertisements of the "kitchen of tomorrow" and reading about the "women of the future" was means enough to hope that they'll get together eventually... How are you fixed for cash? Washington experts estimate one family in three has an income of more than \$3,000 annually... But that's before Mr. Morgenthau takes his cut.

DAD'S DAY—Shall always be grateful to Alexander Graham Bell. Last week the boy in the Navy and at Boston came 1500 west, Mrs. G. going 1500 miles east, the twin meeting in Iowa at her Dad's place. Early Sunday morning, Father's Day, they called via Alec's invention to present Dad's day greetings... They forgot the time difference and I had to point it out to them to explain why I was still abed... The boy in the army must have been broke. His Father's Day greetings came via mail—arriving Sunday (Please Turn to Page 4)

Has Anyone Seen Loose Volcano?

Where's that volcano?
The Los Angeles Times this week received a letter from a woman who said "Tahquitz volcano" was about to erupt again and urged the Times to warn the populace.
Diligent search of records and querying of Indians whose memories of these parts goes clear back when, failed to bring to light any knowledge of a "Tahquitz" volcano.

One soldier said he had seen smoke arising in that vicinity but it was only the campfire of some ranger.
What brought it all about was that series of minor earthquakes which jolted most of Southern California last week, a flock of them originating in faults across the desert and some in the Inglewood fault south of Los Angeles.
The Indians say that Tahquitz is plenty bad but he's no volcano.
In the meantime, seismologists say that a lot of little earthquakes are a good thing as they let the fault adjust itself by degrees instead of in one big bump which does damage.
They also say that those minor rumbles are just growing pains for the territory 'round about has not reached its maturity yet.

John Sprague Taken by Death Today at Monrovia

Friday, June 23, to Friday, June 30, 1944

Price \$3.00 Per Year

GET NEW HOME—Members of the Owen B. Coffman post, American Legion, gather around the barbecue pit at the Palm Springs Tennis club as they discuss plans to move into new home made available by Mrs. Nellie Coffman and Earl Coffman of the Desert Inn. (Chet Summers Photo).

Municipal Pool Is Opened on Cutler Estate

Palm Springs' municipal swimming pool, made possible by the generosity of Frank W. Cutler on whose property it is, opened officially at 1 p. m., on Wednesday, the first day of summer.

Because the temperature was well down and what is termed "unusual" for this time of the year, the opening day throng was not as large as last year.

WILL PICK UP

R. H. Bennett, recreation director, in charge of the pool, predicted that business would zoom as soon as the summer sun started in its work.

For the present the pool will be open from 1 to 5 p. m. daily, except Mondays. Later in the season when the evenings warm up, too, evening hours will be established as last year and in addition, the pool may be opened one or two mornings a week.

FIRST IN 1944

To Michael and Peter Isenagle, sons of Mr. and Mrs. Cecil Isenagle, fell the honor of being the first customers of the municipal pool this season. They were accompanied by their mother, who was third in, this year.

The pool is the private pool of Mr. and Mrs. Frank Cutler on their place at 348 Merito place and donated for city use during the summer months when the Cutlers are in the northwest.

Don't Forget That \$5 Auto Use Stamp

Postmaster R. M. Gorham again reminded Village motorists that they must purchase new Use Stamps for their automobiles to cover the 1944-1945 fiscal year starting July 1.

The new stamps, purple in color, are now on sale at the post office and must be displayed on windshields on and after a week from tomorrow.

Relief Comes For Thirsty Gas Tanks; Coupon 12 Valid

Coupon No. 12, last of the series of coupons in the present A books became valid Thursday, ending a long fuel drought for many autoists. Coupon No. 11, which expired Wednesday, had been in effect for three months.

Coupon No. 12 is also good for three gallons but the expiration date has not been set and OPA officials recently announced that there seemed little possibility for loosening up gasoline restrictions.

Owen B. Coffman Post Of Legion Will Move to New Quarters on Oct. 1

Through the generosity of Mrs. Nellie N. Coffman and her son, Earl Coffman of the Desert Inn, the Owen B. Coffman post of the American Legion will on October 1 move into their new clubhouse, the north half of the Red Cross headquarters at 107 North Palm Canyon drive.

New License Act Is Passed Over Protest

Ordinance No. 149, amending No. 119 to establish a \$6 annual fee on each vending machine was adopted last night by city council unanimously despite another protest made by Bertram Spears of San Bernardino, attorney representing R. N. Buchwalter, owner of cigaret vending machines in operation here.

Mr. Spears told councilmen the ordinance was not equitable and that it would not stand a test in court. He declared the tax was a 33 percent levy on the amount of business done and advocated a \$1 tax per year which, he said, would amount to a 5 percent levy.

Councilman C. P. Adams pointed out that the \$6 levy amounted to 50 cents per month and declared that the company should be able to stand that. Councilman Armand Turonnet broke it down even further and said the tax was about one and one-half cents a day.

It was pointed out that the \$6 vending machine fee had been fixed by council after the city finance committee had studied facts and figures for some time. M. M. Pavney appeared to add his protest to the \$100 juke box license. No action was taken on this by council.

Policeman Johnson Home Again After Major Operation

Policeman Orest Johnson was able to return to his home, 333 West Via Escuela, Monday, from Riverside Community hospital where he underwent an appendectomy two weeks ago.

He is making rapid strides toward complete recovery and expects to be back at the desk of the police department and on the job with Village Cub Scouts for whom he is Cubmaster, within a short time.

Council to Meet Again On Wednesday

At its meeting Wednesday night, city council adjourned to June 28, next Wednesday, to complete unfinished business.

It will be the final meeting of the present fiscal year.

Gala Bond Show At Plaza Monday

Nab Youths Here After Wild Chase

Pair, Accused of Auto Theft, Trapped In Local Court

Climaxing a wild chase down Highway 99, a wreck at Garnet, spattering bullets and an all-night search of the desert north of the Village, two youths who gave their names as John Frederick Pokett, 19, of Dunlop, Iowa, and George Allan Pack, 22, of Mascot, Tenn., were arrested here early Wednesday morning on suspicion of grand theft, auto, are being held in Riverside county jail.

The men told police officers they were deserters from Camp McQuade near Watsonville. They were in civilian clothing when arrested here.

MAKE WAY EAST

According to police, two men stole several cars, abandoning each for another as they made their way east. At Banning they abandoned a Ford truck, said stolen in Mira Loma where they are also said to have stolen \$90.

Making their way down San Geronimo avenue in Banning, they stole the car of Postmaster James Adrian. When the latter discovered the loss he notified Banning police and officer Thomas Vollero investigated.

EXCHANGE SHOTS

The car was spotted parked at a service station on East Ramsey and Officer Vollero attempted to intercept the men before they (Please Turn to Page 5)

Marcus, Jr., Comes to Live In Village

Marcus Juan Caro arrived in town Tuesday, beating summer into the Village by 12 hours.

He is the new son of Mr. and Mrs. Marcus Caro and weighed six pounds on arrival at Torney General hospital. His dad, a corporal at the army air base here, is the former owner of Marcus cafe, popular eating spot.

Mrs. Caro and the boy, who is named after his dad and his uncle are doing fine.

Desert Visitor Wants To Go Places When He Takes a Bicycle Jaunt

If Dick Taylor, former recreation director and at present operator of the El Rey hotel, loses a lot of weight and develops that slim, athletic figure—credit Frank Reimer, Long Beach, and a desert booster.

Mr. Reimer, Long Beach business man, stops at the El Rey for a week at a time several times during the season.

Now, Mr. Reimer is no younger—but he gets around.

Recently he became interested in bicycling and that's where Taylor comes in. Mr. Reimer does not believe in puny little excursions up and down Palm Canyon drive. When he bicycles, he BICYCLES.

THEY GO PLACES

Three weeks ago he talked Taylor into a little pedal jaunt to Indio. They made the trip there and back in good time.

When he arrived this week he had another little tour mapped out for himself and Taylor—down past Mecca to the Salton Sea with a swim below sea level as a refresher.

So, on Tuesday morning this week, Reimer and Taylor took off in the cool of morning—6 a. m. (Please Turn to Page 10)

Bond Events

TONIGHT—Band concert and bond rally at Village Coffee shop, 7:30 to 9. Excellent music and speakers.

TOMORROW—Exhibition tennis matches featuring Big Bill Tilden and other net stars, Palm Springs Tennis club.

MONDAY—Premiere at Plaza Theatre of "Home in Indiana." Admission to bond buyers. Band concert at 7:30, excellent speaker, premiere at 8:15.

NEXT FRIDAY—Band concert and bond rally at Village Coffee Shop.

Former City Treasurer Succumbs

John Sprague Taken By Death At Monrovia

John Sprague, city treasurer for the past four years who resigned his position only the first of this month because of ill health, died at the Pottenger Sanitarium in Monrovia at approximately 3 a. m. today. Mr. Sprague entered the hospital on June 6, shortly after leaving the Village for the summer.

Mr. and Mrs. Sprague came here eight years ago on their honeymoon trip and so liked the Village that they returned the next year to buy property and make their home here. He was a native Californian and spent his early boyhood in Pasadena. His father succumbed some time ago and his mother died at Pasadena two years ago. He was the only child.

Mr. Sprague is survived by his wife, Josephine, and two children, Bill, aged four and one half and Mary Joe, aged 2. Mrs. Sprague and the children are with her parents in Pomona.

Funeral arrangements have not yet been completed.

Point Ration Facts Outlined To Cafe Men

Three members of the Los Angeles Office of Price Administration and William A. Lippman, chairman of the Palm Springs War Price and Rationing Board met with members of the local chapter of the Southern California Tavern Owners association to explain regulations governing points for restaurants, hotels and cafes.

The session was held at the Palm Springs hotel and was well attended.

Present besides Mr. Lippman were W. S. Pearce, George S. Junker and Wilbur Garber, the latter from the legal division of the Los Angeles office.

Rules governing points for public eating places were outlined and questions of local cafe men answered by the speakers.

Karolyn Dee of the Indian Mineral Baths, left this week for Dayton, Ohio, where she will visit with her mother and rest for the summer months, returning to the Village in the fall.

New Radio Mast Built For KQAS

There's a new 69-foot aerial on top of the Palm Springs police station today, the result of activities of City Manager Ray Surum, Fire Chief Bill Leonasio, John Connell and Floyd Wood. The aerial extends 14 feet beyond the top of the 55-foot pole and its tip is almost 75 feet above ground level.

It took four days to make and was hoisted into position in one hour's time.

The aerial is for transmission and reception of the two-way police radio, KQAS. It will extend the range of KQAS both in transmitting and receiving.

Chief of Police Lyle J. Sanard is having the transmitters and receivers of the system, both at the police station and on the cars overhauled to put KQAS in the best possible shape.

City Nears Stretch Run In Campaign

\$300,000 Mark Is Topped And Goal In Sight

Palm Springs topped the \$300,000 mark in its drive toward a \$346,000 Fifth War Loan goal and was turning for home, Chairman Tom Holland, said today.

A gala premiere of "Home in Indiana" next Monday night will mark a highlight in the campaign. Tickets for this premiere are now available for buyers of bonds since the start of the drive at the post office and Bank of America.

ATTEND RALLIES

Chairman Holland also urged everyone to go to the Monday and Friday evening band concerts at the Village Coffee Shop. Excellent speakers from Los Angeles are present at these bond rallies.

"And be sure and get your name on the Palm Springs Honor Roll of Bond Buyers," he urged. "Don't be among the missing" (Honor Roll of Bond Buyers up to Tuesday may be found on Page Four today).

Plans for the premiere were mapped at a meeting Tuesday, of War Bond committeemen and representatives from Torney General Hospital and the 21st Ferrying Group base here.

PRESENT AT MEETING

Chairman Tom Holland presided and others present were Harold Hicks, Fred Ingram, R. M. Gorham, Stanton Griffing, Chief of Police Lyle J. Sanard, Phil Delano, George Strebe, R. F. Graettinger, M. R. Medby, Lt. Col. E. T. Thompson, Capt. Maurice Conn, Capt. John D. Blaufelt, Chief Warrant Officer Lowell Weeks and Corporal Sid Kuller.

Mr. Strebe outlined plans for the premiere showing here of "Home in Indiana" on Monday night, June 26. The film is based on the recent Saturday Evening Post story, "Phantom Filly," and is in technicolor.

BAND CONCERT

A band concert by the 21st Ferrying Group band, both before the theatre and from the stage later, will precede the showing.

Speaker for the occasion will be Owen Price from Los Angeles. Speaker for tonight's band concert and bond rally at the Village Coffee Shop will be Lloyd Prante, also of Los Angeles.

ADMISSION BY BOND

All who buy bonds between now and show time and all who have bought since the drive started, are eligible for one ticket per bond.

On July 6, another Bond Show (Please Turn to Page 10)

Second Concert And Bond Rally to Be Held This Evening

Second in a series of excellent band concerts by the 21st Ferrying Group band is scheduled tonight at 7:30 at the Village Coffee Shop, 181 North Palm Canyon drive.

An excellent program of music and talks is scheduled.

The entire 100-block on North Palm Canyon drive will be roped off to traffic during the concert hours.

The bond committee suggests you bring your own chairs or stools and sit in comfort. There will be no traffic and no parked cars to interfere.

Sports

Camp Callan Wins Over 21st EMs In Hot 4 to 3 Game

Camp Callan's baseball team took the measure of the 21st Enlisted Men's team from the army air base, Tuesday night in an exciting softball game, 4 to 3. It was a see-saw affair with the local lads out in front most of the way until the visitors tied it up in the seventh at 3-all. Camp Callan then went on to win in the eighth by scoring another marker in their half.

There were several notables with the visiting team, one of their outfielders being Steve Dagarus of Notre Dame football fame in 1937, 1938, 1939. Another outfielder was Grissom, under contract with the Hollywood Pacific Coast league Stars as a pitcher. He played a neat game and slammed out the only home-run of the game. Johnny Jones, who played with the David team for six years, didn't get into the game but he kept the crowd in an uproar with his antics on the coaching line.

73rd Officers Top Interpost Loop As New League Opens

Play got underway in the National League section of the summer softball schedule Monday night with the 73rd Officers in the lead with two games one and none lost by virtue of a double-header victory.

A last-minute switch in the schedule sent the 73rd Officers into action twice but they showed their endurance by trimming the 72nd Squadron Officers 16 to 1 in the first game and the Base Operations team 8 to 5 in the second.

Trophies Will Be Awarded Winners of Softball Loops

Trophies won by the 21st Enlisted Men's baseball team in the Palm Springs Softball league and by the 459th Squadron in the Army Air base interpost league, will be awarded the victors, appropriately engraved.

The trophies were furnished by the Recreation Commission and will be lettered by the engraver through the generosity of Frank Portnoy.

Recreation Director R. H. Bennett will make the presentation.

Pool Now Popular Spot At TGH With Hundreds In Daily

Torney General Hospital's plunge, once the gathering spot for socialites from all over the nation during the El Mirador hotel days and among the finest in the country, is doing a land-office business with the advent of summer in Palm Springs, according to Sgt. "Tex" Salkeld.

Patients, military and civilian personnel now frequent the pool at the average rate of 300 per day.

In addition to providing a much-needed bit of relaxation for the duty personnel, the pool is the site of "back to health via swimming" classes for convalescent patients.

Revise Night Ball Set-Up as Torney Team Drops Out

Their team weakened by transfers, Torney General Hospital Officers lost to the 21st Ferrying Group Officers 16 to 1 in a softball game played Tuesday night.

Because of this shortage of experienced players, the Torney Officers will drop out of the new softball loop just under way and will combine with the Torney Enlisted Men. This will cut the Palm Springs league to four teams—Torney, Village Sidewinders, 21st Enlisted Men and 21st Officers.

R. H. Bennett, Recreation Director, is busy drafting a revised schedule for that loop.

Bank of America Declares Dividend

Directors of Bank of America N. T. & S. A. have declared regular dividends for the current semi-annual period on both the common and the \$2 cumulative preferred stock, payment to be made on June 30 to shareholders of record as of June 15, Fred Ingram, manager of the Palm Springs branch of the Bank of America declared today.

Dividend declared on the common stock was \$1.20 for the six months at the regular annual rate of \$2.40 per share.

Our worth is determined by the good deeds we do, rather than by the fine emotions we feel.

Women Marines As Rugged As Men On Baseball Diamond

Two \$25 bonds, donated by Frank Portnoy, enlivened competition last week when a girls' and a men's softball series was staged on the Field Club diamond.

Portnoy offered a bond to the first girl to smack a home-run and Pfc. Juanita Roylance of the El Toro Marines woman's team obliged with the bases full.

The Marines—even the feminine contingent—still are getting the situation well in hand early. They trimmed the Wacs from the 21st Ferrying Group Base 2 to 0. The Wacs, their first venture into competition, were beaten but they are not bowed. They plan to acquire a little more training and a little more finesse and go after 'em again.

Portnoy also made the same offer when the Salton Sea Sailors met the 21st Enlisted Men in the second game of the evening. Cartwright, chucking for the EMs, kept the Sailors well-tamed, allowing them but one hit and beating them 2 to 0.

No home runs were hit, so the \$25 bond went to the player adjudged the outstanding softball ratist of the evening. The award went to Johnny Pantaleo, third sacker for the EMs.

Miller and Rein Win Tournament At Army Air Base

The 21st Ferrying Group's doubles handball tournament came to a close this week with M/Sgt. Joe Miller and Cpl. Jack Rein defeating Lts. Louis Olshansky and Lou Talbert in straight games, 21-10 and 21-20.

Lts. Olshansky and Talbert were again 20-17 in the second game and for a while it looked as if the rubber bout would be necessary until the victors put on steam and came up from behind to win, 21-20.

Summer Is With Us—But Visitors Are Still Coming

Among the many guests registered at the Palm Springs hotel this week were Dr. and Mrs. G. G. Komoroy of San Bernardino; Mrs. G. Hardy, Miss L. Cochran and Miss V. West of Los Angeles; Mrs. E. Morrison and daughter, Marilyn of Beverly Hills; Mr. and Mrs. Bruce Dunsmore and Mrs. Jessalin Morgan and her daughter, Miss Mary Morgan, and Miss Rosalind Green, all of Beverly Hills.

Also registered were William Pierce of Pomona, and George S. Junker of Pasadena, members of the Los Angeles OPA staff, in the Village on business.

Marriage License Issued Local Girl

21st Ferrying Group At Palm Springs Army Air Base to Take Part In Greatly Expanded Program on Eve of Anniversary

Col. Richard D. Morgan, commanding officer of the 21st Ferrying Group at the army air base here, said this week that he had been advised by Brig. Gen. William H. Tunner, commanding general of the Ferrying Division, Air Transport Command, that extensive air transport service within the confines of continental United States has been added to the duties of the Ferrying division.

First and greatest mission of the Ferrying division was and is the ferrying of aircraft to foreign and domestic destinations. During the past year, responsibility for operation of regularly scheduled foreign transport services and for progressive training of flight crews for the ATC, has been delegated to the Ferrying Division.

TAKE OVER JOB

The new Ferrying Division operation has been named Military Air Transport and the new insignia, M-A-T will be placed on all transport planes in the assignment. The ATC will take over all army air transport service within the nation and before the end of the year, contract service with commercial lines will be ended.

The Ferrying Division will take over the services which are three-fold:

- (a) The transport of Ferrying Division flying crews to and from their assignments.
- (b) All the air evacuation of war wounded between Army hospitals in this country, and,
- (c) The operation of numerous scheduled cargo services through the Continental United States.

WORK BEGUN

In all three M-A-T operations initial activities already have begun. Termination of the air transport services performed under contract by commercial carriers is being done gradually but will have been completed by the end of this year.

Gen. Tunner informed Col. Morgan that as domestic contract services are ended, the Ferrying Division will assume responsibility for the operations involved.

Major maintenance bases for the M-A-T will be established at the various Ferrying Division bases such as the one at the Army Air Field here.

INCREASED DUTIES

The local base of the 21st Ferrying Group will thus assume

Mr. and Mrs. Gibbs Leave For Bishop Via L. A., Mexico

Mr. and Mrs. W. O. Gibbs of the Tahquitz Pharmacy, Arenas road and Palm Canyon drive, left Monday for Bishop, Calif.—via Westwood and Mexico.

From the Village they went to Westwood where they will visit with their daughter, Mrs. H. A. Haljun. From there they will go to Mexico for a short trip and then to Bishop for the balance of the summer. They will return to re-open the Tahquitz Pharmacy in the fall.

added importance.

Announcement of this new operation comes on the eve of the Ferrying Division's second anniversary, a reorganization of the parent Command on June 20, 1942, resulting in establishment of the Ferrying Division. General Tunner has been in command of the Ferrying Division from its inception.

Pay your telephone bill before the 30th and receive a discount.

F. V. Shannon to Attend Boy Scout Executive Session

F. V. Shannon, member of the executive board of the Riverside county and Redlands council, Boy Scouts of America, expects to attend a meeting of the board at Riverside next Monday evening at which time the proposed budget for 1945 will be presented and discussed.

Charles W. Ross of Riverside is chairman of the budget committee and Hugo Gunther, Murietta Hot Springs, president of the council, will preside at the meeting at Scout headquarters, 3388 Seventh street, Riverside.

Masons Reminded of Luncheon Rally Set For Tuesday

Village Masons and Masons visiting here were reminded again this week by F. V. Shannon, president of the local Masonic club, of a meeting to be held next Tuesday noon, June 27.

It will be a luncheon meeting at 12 o'clock at the Del Tahquitz hotel. Those intending to attend should contact W. R. Hillery, Telephone 3417, for reservations.

The first streamlined passenger train in the United States was delivered 10 years ago to the Union Pacific Railroad and put into service 10 months later.

Do you save everything —BUT MONEY?

Saving and conserving to eliminate every possible waste is a part of everyone's contribution to Victory. Every drop of waste fat should be salvaged; every scrap of paper is vital to the war effort. Of top importance too, is the *saving of money*, when we buy the necessities of life. And the best investment for such savings is in U. S. War Bonds. When you are buying food, Safeway's low prices permit you to make worthwhile savings, consistently. A comparison of prices will prove this.

Japan Bombing

With the dust clouds scarcely settled after the latest surprise bombing of Japan, Tojo surely is going to have to revise his interpretation of such events to the home folk. It is questionable how much longer it will suffice to explain blandly that a small group of American flyers got lost and dumped their bomb-loads to lighten their ships—never suspecting they were topside of Tokyo!

That would be no less absurd an explanation than others offered each time the Imperial forces suffer a heavy blow, forfeit ground or lose face at the hands of Allied fighting men. No less ridiculous than their recent first report on the Normandy invasion: "the Allied troops have landed, but are now being forced to retreat, inland."

The Nip military propagandists may feel that insistent tales of Allied inferiority, however unfounded, escape all absurdity—so long as they are told in Japanese. But the people of Japan must soon begin to suspect that such reports are based on Hirohito's hopes—not facts.

Inability to figure the source of the giant, new B-29 raiders that blasted Japan from 6-mile altitudes, will not stop the propaganda mills any more than they were stopped by complete lack of information on that other dramatic occasion when Jimmy Doolittle led his gallant men out of the clouds over Tokyo. "An inland base somewhere in the China-Burma-India area" is quite as slim a lead for the Japs as they were able to glean from captured pilots in the Doolittle raid. But the mills roll on—with "news" that continues to leave the homeland in thorough ignorance.

The Japs, presumably, will learn that the Americans have developed bombing planes so large and powerful and long-ranged that they can work out of established Allied bases practically on roving assignment against Nippon, only when the Japanese Empire, inch by inch, feels the weight of the bombs they bring.

"I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

The reaction to D-Day in the Congress was impressive. Both houses, meeting separately of course, were led in prayer by their Chaplains, and the members of both houses stood silently, and then repeated the Lord's Prayer. The "one-minute speeches" which precede each session, seemed more like prayers. Mass and special services were held in the Capitol.

We wait for more news with the same anxiety as do the folks back home. There is a feeling here that we may not yet have been fully informed of the costs of the landing in killed and wounded. I recognize the urgency of the need for care in releasing news which might in any way give information to the enemy, but I repeat what I have said several times in this column; the American people can take it. I do not like the idea of having anyone adjust the news to what he thinks we ought to be told.

It is a curious thing that a survey made recently should have come to my desk during the debate on the OPA Bill. The question was asked in all parts of the U. S., "Should OPA price control be confined to essentials?" You'll recall this is one of the things I have talked about. The job was so much better done in World War I, from the standpoint of administrative details. One reason is, it was confined to essentials. This is what the people think about it now:

60.4% answered "Yes," 39.6% answered "No." More interesting was the division geographically. In the New England States it was 57.9% Yes and 41.1% No; in the South it was 45.8% Yes and 54.2% No; the average for all the West was 60.0% Yes and 40.0% No. But for the PACIFIC COAST the percentages were 81.5% Yes and 18.5% No. The West still thinks for itself.

The reason is the attempt to freeze prices on more than 8 MILLION articles. The regulations for the foods alone are estimated to cover 7,800 pages, each page of about 2,000 words of very fine print. These are in more than

15 volumes. That's 15,690,000 words, if you care to figure it out. Who reads them? Pity the local officials!

Take fruit cake for example: The instructions to bakers on how to bake a fruit cake filled four pages, letter size page, very small type. When the bakers read it, they couldn't understand it. So they sent a committee to Washington to ask to have it simplified. The simplified regulation is Amendment 7 to the Maximum Price Regulation 319:

"All commodities listed in Appendix A are those known to the trade as such excepting therefrom such thereof, if any, while subject to another regulation."

"Now," as Congressman Hartley of New Jersey said, when he read this to the Congress, "Now, go out and bake yourself a fruit cake!"

To the People of this Community

There are many urgent reasons for buying War Bonds. First, the invasion needs money. Bonds pay for planes and guns and munitions which we need to beat the Axis. Our fighting men must have the best possible equipment and it is up to us to let our money provide this.

A second reason is this: There is a shortage of goods now. Later on there will be plenty for civilian desires. Money put into War Bonds now will be available then. Business opportunities will be open then, too, and the "nest egg" saved now may hatch out commercially then. Money put into War Bonds now will be deprived of its current potential as a part of the causes of inflation. You will be doing your part toward stabilizing the money situation by buying Bonds instead of dwindling stocks. That is a third reason. But the best reason from a selfish viewpoint is this: Right now there is no better investment than War Bonds. There is no safer repository for your money. By buying Bonds you become a stockholder in the strongest "going" concern in the world today, the United States of America. THE EDITOR.

TO CONVENTION—Mildred V. Biddick, local property owner and frequent visitor here, who is en route today to the Republican National Convention.

Villager Enroute to Chicago For G.O.P. Convention

Leaving Los Angeles last evening on the Union Pacific with Southern California's contingent of delegates to the Republican National Convention was Mrs. Mildred Biddick, delegate from the 13th Congressional District.

Mrs. Biddick is a Palm Springs property owner and for the past several years has spent much time in this city.

Gordon X. Richmond of Orange, a delegate from this district, is travelling with the same group. Congressman John Phillips will go directly to Chicago from Washington, D. C. The convention is expected to complete all of its business by next Thursday. Governor Earl Warren will deliver his keynote address over the radio next Monday at six p. m., Pacific War Time.

MORE ABOUT . . .

This Side of Sun . . .

night, marked "FREE"—but just as welcome.

MUSIC — At last I know who picks the records in the Juke boxes. Said Mr. Pavny to city council this week: "They're selected by the waitresses and clerks who have to listen to them all day." There's logic in that . . . Don't feel so lonesome now. Dr. Frank Purcell and Jack Gorham like Guy Lombardo, too. "I'll Be Seeing You" is about due to pass "Long Ago and Far Away" on the Hit Parade . . . Give the last two lines in the Star Spangled Banner all you've got, says Lucy Monroe who has probably sung the national anthem more times than any one else. By the way, do you know them?

ODDS AND ENDS—Matt Weinstein in the Los Angeles Daily News printed an epitaph sent him by a soldier in the South Pacific: "To the memory of an army mule named Maggie who in her time kicked one general, two colonels, four majors, ten captains, twenty-four lieutenants, forty-two sergeants, eighty-eight corporals, 452 privates and ONE bomb." "Tis said that when Red Skelton went into the army last week he was on garbage duty the first day. He dood it.

IN CONCLUSION — The Nazis can appreciate what they're up against. If I remember my high school days correctly, Eisen, in the German language, means Iron. What the Hower means I don't know, but the Iron will probably be enough for Adolph. . . . The Village is full of inventors. First, we have Ralph Nesmith who has invented all sorts of gadgets. Now another Villager tells me of his Booby Trap for cockroaches. When he drinks a bottle of beer he leaves just a little bit in the bottle and sets in on the floor. The next morning he pours out the roaches who can climb in but not out—probably becoming stiff on the beer—presses the lever and there are two or three more he won't have to worry about.

TWA Given Permit For Boston Route

Villagers and other southern Californians planned trips to New England state destinations, may now travel direct to Boston, TWA officials announced this week.

The Civil Aeronautics Board issued a permit for a route from Los Angeles to Boston.

J. L. McAtee is back in the Village after two weeks spent in Los Angeles on a buying jaunt for his Tiare Tahiti, well known local gift shop. While in Los Angeles he attended the annual Gift Show at the Hotel Biltmore a week ago last Sunday.

Honor Roll

Of Fifth War Loan Subscribers

Names of bond buyers during the first week of the Fifth War Loan Campaign as given out by the Bank of America and the post office, are listed below. Names of all bond buyers will appear on this Honor Roll and Chairman Tom Holland of the campaign, hopes to see every Villager listed here. The first listing:

Brewers Yeast Goes To Undernourished Liberated Peoples

Plans for the immediate construction of a conservation plant in Los Angeles for the recovery and conservation of brewers yeast, were formulated at a meeting of government representatives, brewery owners, brewers, nutritional experts and agriculturists at a luncheon meeting at the Biltmore Hotel in Los Angeles, Monday, June 12.

The meeting was called by Charles J. Lick, Los Angeles, Chairman of the important National Yeast Conservation Committee, and Second Vice-Chairman of the Brewing Industry Foundation. Featured speakers were Alva Richards, Washington, D. C., Chairman, Yeast Industry Board, War Food Administration, and Hugh Harley, New York, Secretary of the Brewing Industry Foundation.

Recognition of the value of recovered brewers yeast to national health has brought together the Brewing Industry Foundation and the War Food Administration in a cooperative nationwide program to make available greater quantities of brewers yeast in a form that can readily be distributed. The Los Angeles brewers yeast recovery plant will supplement, in this area, the product of drying plants now in operation throughout the nation.

CONTAINS 8 VITAMINS

In brewers yeast, science has found in one single food, eight vitamins, sixteen essential acids, practically all important minerals and pure protein. The pure protein content is close to fifty per cent by weight, and the food is the richest known source of vital B-Complex vitamins, according to nutrition authorities.

Brewers yeast is in great demand as a feed supplement for young calves, hogs and poultry. Experiments at the Agricultural Schools at Cornell and other universities have shown that the addition of this yeast in the diet increases the hatchability of eggs, increases appetite and promotes growth in poultry and animals.

In experiments at the Maine Agricultural Experiment Station, it was found that the feeding of the Vitamin B-Complex, as supplied by yeast feeding, not only increased milk secretion, but also enhanced the value of milk as a

Cutlers to Spend Summer At Coast

Mr. and Mrs. Frank W. Cutler are at Carlsbad where they will remain until August, going north to Portland for about a month before returning to the Village for the new season. They left this week.

Word from their son, Lt. James Cutler, U.S.N., from the south Pacific, indicates that he may return to the mainland on a new assignment, arousing hopes that they will get to see him for the first time in more than a year.

Another son, Lt. Robert Cutler, is with the army in Italy.

food, since consuming animals were able to utilize the nutrients in their ration more effectively.

VALUABLE RATION

As a carrier of the vitamin B-Complex and a good source of high-quality protein, dried brewers yeast has also proved a valuable supplement to swine rations in the prevention of deficiency diseases.

A part of the present production of brewers yeast is being used for human consumption—for the enrichment of foods for our armed forces, workers in war production plants, and our allies and the undernourished populations of countries liberated from Axis domination. As production is increased, more and more quantities of this valuable protein and vitamin concentrate will become available for poultry and livestock supplementary feeding.

Priorities from the War Production Board now permitting Los Angeles to erect a drying plant for the recovery of brewers yeast, formerly a waste product of Southern California brewer operation, will make available to this area increasing quantities of this nutritional aid.

Beaumont Man Becomes Head Of County Legion

Frank Moulton, well known Beaumont man, is the new commander of the Riverside County Council of the American Legion having been elected at a session of the council in Riverside Friday evening. Asa Brown of Beaumont, senior vice-commander of the county council, presided at the meeting.

It was a pre-convention meeting, indorsements for convention action including the following: A. Ray Cowen, Arlington, for fifth area commander; Jack A. Bennett, Riverside, for twenty-first district commander; George Bouldin, Thermal, for second vice commander of the district.

Mills Pretty Chesty; He's A Grandfather

LeRoy Mills of Mills store here was taking a bow today.

He's a grandfather.

Word came to the Villager from Ft. Leavenworth, Kansas, where his son, Capt. Hawley Mills is attending Staff Command school, that a baby son was born to Mrs. Mills at 4 a. m., yesterday morning.

Capt. Mills distinguished himself in the Aleutian fighting early in the Pacific war and was decorated.

Mrs. John Williams Hostess At Tea

Mrs. John Williams entertained at tea in honor of Mrs. T. M. C. Belyea, well known Villager who has been staying at Pasadena while her son, Bob, is enrolled in navy training courses at Cal. Tech.

Guests, besides Mrs. Belyea, were Mrs. Frank Cutler, Mrs. Agatha Hansen, Mrs. A. V. Linkletter, Mrs. Guy Pinner, Mrs. Merrill Crockett, Mrs. Albert Frey, Mrs. Armand Turonnet and Mrs. Horace Pendery.

Mrs. Belyea will spend a week in the Village.

Employment Agency Closed For Summer

Jane D. Brown of the Palm Springs Employment office, closed her place of business this week and left on a summer vacation, planning to go to the northern part of the state.

She plans to re-open the office at 135 East Andreas road Sept. 15.

Plastic plywood, now being used in place of strategic metals in many war supplies, has a tensile strength greater than steel, weight for weight.

AT ESPEE DINNER—Civic leaders gather around to welcome George B. Hanson, general passenger agent for the Southern Pacific at Joe Felix's Waikiki. Left to right around the table: Harold West, chairman Red Cross; R. F. Graettinger, editor Desert Sun; Charles Burket, president Lions Club; Lt. Fred Slater, Torney transportation officer; Major A. E. Higgins, 21st Ferrying Group; Lt. Col. E. T. Thompson, Torney General; Mayor E. E. Theriault, Gordon Feekings, president Chamber of Commerce; F. V. Shannon, president Masonic club; J. B. Shea, S. P.; Mr. Hanson; Walter Kofeldt, secretary Chamber of Commerce; Capt. E. J. Brady, air base transportation officer; W. E. Wilson, S. P.; and Dr. Frank Purcell, Lions club. Acting President Fred Ingram, Rotary club, and Tom Holland, chairman War Loan committee, were unable to attend.

Cathedral City

By W. R. HILLERY

It is so much easier to take a popular stand and go along with the "Hurray Boys," but after receiving an invitation from the California Initiative and Referendum Bureau to circulate a Japanese Exclusion Petition, I have placed it in collection of used paper. This despite the fact I have two sons in the Pacific theater, one possibly in the Marianas. Also I am a native son which should make me want to eat a Jap as an appetizer each day. Sure I believe in liquidating those who fight us and ship out those who are not loyal along with many whose skins are not yellow but I read some history and I think my own thoughts about the future.

Well, the weather continues to be wonderful and we have now passed into the official summer influence. Some are already writing they are sorry for the haste in quitting the desert. Frank C. Russell says its cold in the San Bernardino and memories of their desert home is warm and then Homer Gould writes from the high Sierra country that they made a mistake leaving the desert before July as it is still winter up there, although the Goulds are all well.

I'll mention it again next week but make a note of this. 10:30 p. m., July 2, Willard Price will tell a Pacific story over KFI.

Changes of ownership of property in Cathedral City continues, recently Samuel D. Arner handled the sale of the Anna Fimber lot on the corner of VanFleet and C street to Mr. and Mrs. Billington. Mr. and Mrs. James W. Bibb of Long Beach are reported to have purchased the two cabins of Edward Yoder on Second street. Then my own score included the recent sale of the Frank C. Russell court on Glenn Ave. and A street to Mr. and Mrs. Arthur B. Collins of Laguna Beach, and this week the two cottages of J. A. Kuehlborn on B street were sold to Mr. and Mrs. Edward W. Tanck recently of Banning. These buyers are all excellent additions to our excellent community. My recent ad contained the information that in the past fiscal year I had sold over sixty-two thousand dollars worth of property but now the score runs to \$75,000.00 since last September.

In mentioning these sales it is good news that Mrs. Fimber is keeping her home here and that Mr. and Mrs. Kuehlborn have their home on C street. We are glad to have new owners so long

as we do not lose our good present owners.

While the village is far from filled with residents as compared to last summer, we are far ahead of the normal summers in both civilians and the A.A.F. personnel. With few exceptions we have been well pleased with military families and those exceptions have been on a par with civilians. We have enjoyed our limited contact with them, sympathize with their problems and wish them every success in the world. And, we want to see many of them return to the desert to live after the war.

Here I'm writing these notes near the deadline and can't find time to go out and get the tally on War Bond sales. Robert Higgins and Robert Hillery are writing them and we are sure that Postmaster Edna Cobb is rolling up a good score. Many have not been contacted yet so we should make a decent showing. Let some one in the village take your application, one of the three mentioned or someone else if you prefer. The main object is to buy bonds and to get the tally for Cathedral City.

Of general interest to Cathedralites, as well as many in Palm Springs, is the word that C. Morgan Gephert and wife announce the birth of a 7-lb. son in Los Angeles on the longest day of the year. All members of the family are doing nicely. Many remember "Gep" when he lived with his parents in Cathedral City and was employed in Palm Springs.

Sister of Village Woman Here On Visit

Mrs. R. E. Eberle of Emporia, Kansas, arrived in Palm Springs this week to make her home with her brother-in-law and sister, Mr. and Mrs. Herbert Samson, for an indefinite stay.

Her husband, Captain Eberle, is with an army medical unit in the South Pacific war theater.

Mr. And Mrs. Langtry Summer In Pasadena

Mr. and Mrs. John C. Langtry, well known Villagers, have gone to Pasadena to spend the summer months and are now living at 460 La Loma road, that city.

They plan to return to their home here at 1325 Camino del Mirasol about the middle of September.

Falconry is said to be the oldest sport in the world.

HERE NEXT WEEK—Lynn Bari and Frances Lederer seen in a more peaceful moment in United Artists' tempestuous masterpiece, "The Bridge of San Luis Rey," at the Palm Springs theater Sunday, Monday and Tuesday, June 25 to 27.

Find Volunteers to Act On Behalf of Michigan State

Mr. and Mrs. W. H. Line, well known in the Village, who have lectured here before various clubs on Japanese aggression in Korea, have volunteered to serve as the representative of Governor Kelly of Michigan to visit soldier patients who are natives of Michigan, at Torney General Hospital.

The governor of Michigan recently wrote the Chamber of Commerce asking them to find some reliable resident of Michigan to volunteer as official greeter for that state among Michigan service men here, to acquaint the men with the plans of that state for their welfare and to extend the state's offer of aid.

An appeal was made in a story in The Desert Sun and Mr. and Mrs. Line appeared at the Chamber to offer their services a short time after the edition went to its subscribers.

Lt. Col. E. T. Thompson, public relations officer at Torney, offered the hospital's co-operation with Michigan's plan or with a similar by any other state.

Deadline For Scout Camp Period Monday

Chief of Police Lyle J. Sanard, Scoutmaster for the Palm Springs Boy Scout troop, reminded Scouts that the deadline for reservations for the first period at Camp Emerson, Idyllwild, is June 26. The first period starts July 25.

MORE ABOUT . . .

Wild Chase . . .

could get in the car and start it, but was unsuccessful. He started in pursuit and shot three times at the fleeing car, hitting it every time. The wild chase continued on to near Garnet when the two bandits, after firing at Vollaro, abandoned the Adrian car and disappeared in the desert.

In the meantime, Vollaro had called Banning sheriff's substation and over the teletype a message was sent to the Indio and Palm Springs police stations. Sheriff deputies, California Highway Patrol officers and Indio and Palm Springs police began converging from all three points and were soon helping in the manhunt. Deputy Sheriff Pat Cunningham and California Highway Patrolman Harold Simpson from Indio, tracked the two bandits from the Adrian car to the Palm Springs city limits.

ROAD IS BLOCKED

In Palm Springs, Chief of Police Lyle J. Sanard had been notified by teletype at 10:20 p. m. Tuesday night to establish a road block and watch for the stolen car. At about midnight he was notified to abandon the block as the stolen car had been wrecked.

At 5:30 a. m. Wednesday, Mrs. George Cartwright, managing a court in the north end of the city, called police and told them two hard-looking characters had just rented a cabin there. Police Chief Sanard and Officer Smith went to the scene after notifying Capt. Paul Pierce of the Indio sheriff's substation. Other officers were summoned and the place was surrounded.

FOUND FAST ASLEEP

The two men were found fast asleep and unarmed. They were exhausted after battling a desert sand storm all night.

Deputy Sheriffs Fred Pratt and Layton Taylor of Banning substation, took the two men to the Riverside county jail Wednesday. They will either be turned over to the Army or be arraigned before Judge Moore on five counts of grand theft of automobiles and one of robbery. Eighty-five dollars of the \$90 said stolen from Mira Loma were recovered. The men threw away the gun they had while in the car.

The quick end of the search was a fine example of cooperation between all law enforcement agencies in Palm Springs, Banning and Indio. Officers taking part in search were Deputy Sheriffs Pat Cunningham, Harold Shull and Capt. Paul Pierce of the Indio substation; Deputy Sheriffs Layton Taylor and Fred Pratt of the Banning substation; California Highway Patrolmen Harold Simpson and Kettering of Indio and California Highway Patrolman Eddie Wilson of Banning; Chief of Police Lyle Sanard, Officers Steven Smith, Harry Haan and Joe Smoot of the Palm Springs police force and Officers Thomas Vollaro and Windus of Banning police department.

Commercial fishermen have landed tuna weighing as much as 1,800 pounds and about ten feet in length.

The Desert Sun—5

Man Draws Knife On Two Women

Eddie Wilson of the California Highway Patrol station in Banning, and Officer Windus of the Banning police department, Monday night, took into custody Russell Ohl, of Los Angeles, after he allegedly chased two women with a knife at Garnet, near here.

Ohl, who is charged with assault with a deadly weapon with intent to commit great bodily harm, was lodged in the county jail.

Ohl is said to have first entered an unoccupied house in the Garnet district after which he went to the house in which the two women are living.

Ration Board and C. of C. Join in Share-Ride Boost

Cooperation between the ration board and the Chamber of Commerce is expected to increase the "share the ride" program inaugurated by the latter body.

William A. Lippman, ration board chairman, has authorized the enclosure of slips in letters carrying supplemental gasoline rations to motorists, reminding them that "Now that you have gas, share the ride," register at the Chamber of Commerce and tell them that you will take passengers.

A new process for drying the paint on Army tanks does the work in four minutes while the operator drives the tank through the "oven."

The thermal belt of Polk County, N. C., is said to have the greatest variety of plant life of any section in the United States.

CHRISTIAN SCIENCE CHURCHES
"Christian Science" will be the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text, chosen from Isaiah, reads: "O house of Jacob, come ye, and let us walk in the light of the Lord."
"Let not your heart be troubled: ye believe in God, believe also in me." These comforting words of Jesus to his disciples are included in a Bible passage from John. He continues, "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father... If ye love me, keep my commandments. And I will pray the Father, and he shall give you another Comforter, that he may abide with you for ever."
Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "Divine Science derives its sanction from the Bible, and the divine origin of Science is demonstrated through the holy influence of Truth in healing sickness and sin."

COMMUNITY CHURCH
Dr. J. R. Macartney, Minister
Regular services will prevail during the summer, Sunday School at 9:45 a. m., services at 11 a. m. and 7:30 p. m., with supply pastors during the absence of the regular minister.

Dr. J. R. Macartney Heading Westward After Interesting Trip In Wisconsin; Preaches In Former Parish In Iowa

Writing from Williams Bay, Wisconsin, on Lake Geneva, Dr. J. R. Macartney, pastor of Community church who went to Chicago to attend the General Sessions of the Presbyterian church, and who is now lingering on in Wisconsin on a vacation, declared that Geneva in Wisconsin matches in loveliness any of the world's famous watering spots.

"It has 23 miles of indented shore line, surrounded by woodlands and jutting piers before summer homes, mansions and cottages. The great, the near great and those to whom greatness means little, have built abodes here," he wrote.

SPEAKS IN IOWA

"A small steamer plies the lake from village to village and most estates have their own motor or sail boats. Alas, many of the youths who operated them, are now handling grimmer craft these days."

Dr. Macartney spoke last Sunday in his former parish at Waterloo, Iowa, and is expected back in southern California this week end.

FULL OF INTEREST

Further describing his trip, Dr. Macartney wrote:
"This portion of Wisconsin is full of interest. It was my good fortune to happen to be in Delevan when the commencement exercises of the 'Wisconsin School for the Deaf and Dumb,' were being held."

"Something I had never witnessed before. A fine array of young people graduating; with caps and gowns and tassels, a number of the faculty also on the platform. A charming young lady with fingers that moved as swiftly as a violinist and as graceful as maiden hair ferns, called the graduates to receive their diplomas; the address was made by the president, fingers not quite so winsome but as swift."

"Likewise the closing prayer made by a clergyman, himself a graduate of the school and now in charge of a parish in Milwaukee."
"What a godsend such an education is to those who otherwise would be prisoned for life, to silence and an uninteresting routine of daily living. Now most of them can 'lip read' and also 'talk MIT der fingers.' Bright, alert, well educated, and also fortified with devotion."

SEES BIG DAIRY FARM

"Another day I was taken by my friends to a 2000-acre dairy farm of Shorthorn cattle. The 'Queen' of the herd and of America, produced last year, 18,000 pounds of milk and 735 pounds of butterfat. One of her young sons brought \$2000 as a calf. Vast fields of corn, clover, wheat, and eight or ten silos. The green fodder of various kinds cut and siloed and fermented makes a delightful (to the cows) milk producing food. Some of them are milked mechanically, three times daily. Mr. Evans, manager for the 'Borg Corporation,' himself an enthusiast, in the realm of animal husbandry. Scientific farming now offers one of the choicest vocations for young men."

"No grain goes to market from these dairy farms. It is all consumed on the farms. Likewise every now and then one comes across one of those cheese factories, where the excess milk is converted into those celebrated brands, known the nation over."

HISTORIC SPOT

"At Milton, one of the very old towns in that state, we found an underground railway. It is like this. A long rambling hotel built in 1847. Back of it was a log cabin, older yet. Lifting up a trap door, one descended into a subterranean passageway, leading under this hotel, and down there many rooms. There, in abolition days, run away slaves were se-

creted and helped on their way to escape to Canada.

"Old man Goodrich was a staunch abolitionist. In the little cabin are the makings of a most interesting museum. Implements of that early day, for domestic and agricultural purposes. Ox yokes, shoes for the oxen, bullet moulds, powder horns, forms for molding the candles, frames for making horse collars, draw knives, tools of every description, the great-grandfathers of the shining keen-edged tools of today. Entering that cabin, one goes, not only back to horse and buggy days, but far back of that to 'Ox yoke days.' What hardships and inconveniences the women must have had to put up with."

"There in the fireplace, three or four big iron pots, hanging from their cranes. Queer shaped irons, which opened at the rear and a piece of cone-shaped iron which had been heated in the open hearth, was picked up by tongs and placed in the iron, and a little trap door shut. Contrast that with the electric iron, ladies!"

FROM THE PAST

"I could have spent several days with unabated curiosity, seeing just how the people lived. The community is composed mostly of 'Seventh Day Baptists.'"

"Old man Goodrich was a rough and stubborn personality. Everyone was out of step but himself. His way must prevail. He had a row over in the church and built a fence across the front of the church to prevent certain persons against whom he had a grudge, from entering the church. The minister, also head of a small college there, came marching up, swinging a huge axe; also ordinarily meek and quiet, his wrath aroused knew no bounds, at this infringement of the religious liberties of the people. 'Get out of the way, Goodrich,' he shouted, as he stepped forward and demolished the fence. And Goodrich left."

TO WATERLOO

"Those sturdy characters back there believed also in the Four Freedoms, spoken of today. 'Tomorrow I go to be with my former parish in Waterloo, Iowa, over Sunday, the 11th, and then shall be headed west. I landed there 30 years ago, was privileged to minister to that great congregation, First Presbyterian church, for 14 years and led them in the erection of a magnificent edifice, with chimes and stained glass windows of glorious design and costing \$150,000.00. I shall see many whom I baptized, now with sons and daughters."

"With cordial greetings to you all,
John Robertson Macartney."

Bob Bellyea Here to Get "Tanned Up"

Bob Bellyea, enrolled in Navy V12 training courses at California Institute of Technology, arrived in Palm Springs yesterday on the first part of a 12-day leave. He plans to acquire a little tan here before spending the remainder of his leave at Lake Arrowhead and Balboa.

Mrs. T. M. C. Bellyea, his mother, arrived from Pasadena where she has been staying, earlier this week, and plans to spend ten days here before going to the mountains for the summer.

More and more people are seeing red—the sunburn on their friends.

Rev. Abels Will Conduct Idyllwild Church Services

The Rev. John Abels, pastor of the Cathedral City church, was here yesterday, returning today to Idyllwild where he will spend the summer and be in charge of the Community church there until October.

It is planned to conduct regular services throughout the summer at the Cathedral City church with guest speakers.

Dr. Cooper to Talk At Community Church

Dr. David L. Cooper of Los Angeles, well known speaker, who was heard here a short time ago at the Community church, will occupy the pulpit there twice Sunday, speaking at 11 a. m. and 7:30 p. m.

Sunday school will meet at the regular hour next Sunday, 9:45 a. m.

Baby Boy Is Born to Mrs. Cecil Goff

A husky baby boy was born to Mr. and Mrs. Cecil Goff last Saturday at the Redlands Community hospital.

The baby has been named Del-ford Erwin. The Goffs have

another son, 2½ years old, Cecil E.

Mrs. Goff and the new Villager, who are making great progress, will be home some time next week.

What tickles us are the women haters — with seven suits of clothes.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
By Pfc. Robert D. Price

"21" STARS ON AIR

"21 Stars", a new Army Service Forces radio program, was premiered at 1400 to 1430, Saturday, June 17, over KPRO, Riverside, outlet for this vicinity of the Blue network, which will carry the program each Saturday for 11 weeks.

Originating in the Blue network central division studies in Chicago, the program will feature an all important phase of war work carried on by the Service Commands throughout the U. S.

STAR-STUDDED

Each program will be studied with stars, of the type familiar to radio audiences, but the series will take its name from stars of another variety.

Each show will be under the "command" of a General Officer. The June 17 "commander" was a Brigadier General. The remaining ten shows will be under Major Generals wearing two stars, making a total of 21 stars. The one star General coordinates the work of the ten "two star" officers who are in command of the ten Service Commands of the A. S. F.

ONE CIVILIAN, ONLY

Each week a subject pertaining to one particular phase of Service Command duties will be dramatized. Only one civilian will appear on the program.

He will be heard weekly in the character of "Old Sarge," a retired Spanish-American War Sergeant, who "knew" each of the Commanding Generals "way back when" and will use this knowledge to add a humorous and nostalgic touch to the show.

ACTORS MAKE GIOD

Patients in the play-acting and radio production class received an indoctrination in radio broadcasting that could happen only once in history! Scheduled to appear on the Ginny Simms program two weeks ago last Tuesday night, they found themselves rehearsing late, at the NBC Hollywood Studios.

While listening to a play-back of the dress rehearsal of the show they suddenly were at the ring-side of the greatest event of this

war. The excitement in a radio station at such a time cannot be imagined! Aside from the constant invasion flashes there was the problem of re-writing the entire program in less than eighteen hours. Long distance calls to sponsors, agency execs, et al. Conferences. What an exciting introduction to radio. The result? A postponement of the intended show to the following week. And a rewrite job involving only two of the intended guests—Cpl. Joe Samatowicz who read a serious message from all the patients at Torney, and the beloved Dr. Wassel who told of what wonderful medical care all of our boys are getting. Later, all were Dr. Wassel's guests at the Hollywood premiere of his picture.

Tuesday, June 13, the boys returned to Hollywood. This time they were only half jinxed, however. They got their Eastern broadcast O. K., but the hour and a half star-studded bond rally crowded them off for the Western repeat. Anyhow, they were honored guests at the Bond show on which Ginny Simms appeared, along with Benny, Hope, Crosby, Frank Morgan, Abbott and Costello, Ronald Colman and many more. All in all it added up to a lot of reconditioning.

Those appearing on the show were patients Cpl. Joe Samatowicz, Pvt. Claud Cluney, Sgt. George E. Beaulieu and Instructor Pvt. Herb Vigran, of Special Services, who conducts the class.

OPPORTUNITY OFFERED

Through the professional eyes of Jules Dassin and Arthur Lubin, directors at MGM and Universal Studios, respectively, originated the authoritative opinion that the Soldier Stock company project will be an exceptionally important and exciting activity at Torney. Mr. Dassin, representing the Screen Directors' Guild, and Mr. Lubin, who is scheduled to direct the initial theatrical productions of the project at the post, visited here Monday, June 12, and conferred with Col. Jones, Lt. Col. Thompson, the Special Service Section, the Reconditioning Section, and the Chief of Civilian Personnel relative to this new recreational activity, which will be in full swing by the end of the current month.

What a splendid opportunity will be offered the patients and the military and civilian personnel of this post in being able to engage in the various phases of theatrical production under the talented direction of Mr. Lubin, who directed the Abbott and Costello pictures and the Technicolor version of "The Phantom of the Opera."

NEWS OF RED CROSS

The gala state pennants that decorated the auditorium were for the "All-States Party" last Saturday night. The patient crowd was just right; the civilian personnel hostesses were grand. The laughter was gay and happy. Everyone joined in the state quizzes, charades and relays. The evening ended with singing

One of Them Free From Neckties But It Isn't Chel Goff

Jim Maynard won't have to wear a necktie—but Chel Goff will.

When the two Villagers entered military life, they chose the navy and said it was because in the navy they wouldn't have to wear neckties.

Being true Villagers, they said they weren't used to them.

Maynard got in the navy, all right, but Charles Goff was chosen for the marines—and the sea soldiers wear ties just like the land soldiers.

Both are stationed at posts in San Diego.

Col. Jones, Torney Commander, Attends Modesto Conference

Col. A. B. Jones, commanding officer at Torney General Hospital, is now at Hammond General Hospital, at Modesto, this state, attending a conference on reconditioning programs for convalescent soldiers.

He left last Tuesday and is scheduled to return today.

During his absence, Lt. Col. E. T. Thompson is acting commanding officer at Torney.

Jerry Sanborn Is Now at U. S. Navy Hospital in Norco

G. K. (Jerry) Sanborn, former city street superintendent, who entered the service with the navy construction battalion and saw service with the Seabees in the South Pacific, is now at the naval hospital at Norco, according to word received here this week.

Mr. Sanborn was for some time at the San Diego naval hospital after returning from overseas.

Captain Matlock Is Back At Torney

Capt. L. W. Matlock, well known in the Village, and long a member of the Torney General Hospital staff, returned to his duties at the hospital Tuesday morning after three months leave during which time he attended the staff command school at Fort Leavenworth, Kansas.

Capt. and Mrs. Matlock are making their home on Paseo de Anza.

about the piano and recording of the songs.

"Sing Under the Stars" will be sponsored by the Red Cross Saturday night, June 23, from 7:00 to 8:00 on the lawn, west of Ward A.

Patients, post personnel and civilians are cordially invited to the group sing. There will be songs, old, new, gay and sentimental. Mark the date on your calendar of events.

NEWS OF NURSES

Captain Edna Traeger, Principal Chief Nurse, had as her guest during the past week, Colonel A. L. Rockwood, of the Chemical Warfare Division. Colonel Rockwood has just returned to the United States from service in North Africa.

2nd Lts. Marjorie P. Coleman, Ann Brazzel and Eva Willis are at their respective homes on sick leave.

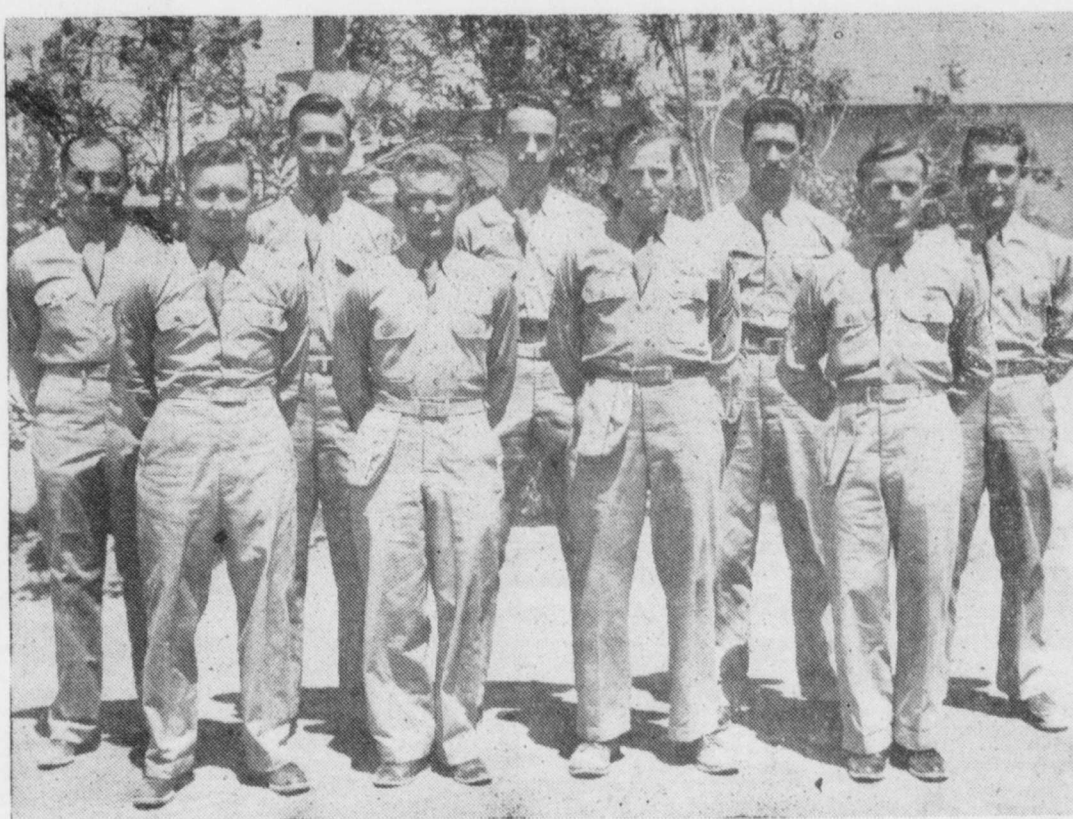

1st Lt. Marie Kimmet, formerly at this station, now at Station Hospital, San Luis Obispo, is spending a few days leave here.

1st Lt. Annie C. Culliton, 1st Lt. Irene Looser and 2nd Lt. Cecelia Manion are on DS and spending ten days leave at their homes in the east and middle west.

Last week several of the ANCs went out for softball practice; the next day there were a few complaints of stiff muscles.

Announcement is made of the promotion of the following 2nd Lieutenants, ANC, to Chief Nurse, with the relative rank of 1st Lt. Martha M. McIntire, Hazel H. Webb, Lilla L. Rogers, Virginia Lu Robinson, Caroline M. Hundsness, Ethel G. Mortimer, Greta Vander Valk, Eleanore Swendenburg, Miriam A. Delp.

Mr. and Mrs. Donald Lockett and family will spend the summer months in Pasadena.

AT THE TOP—These ten youths finished first ten out of 483 at the Flexible Gunnery School at Yuma. At the extreme right of the back row is Herb Lienau, son of Mr. and Mrs. Harold Lienau who was third highest in the class.

Villager Wins His Third Award For Inventive Genius

To stimulate interest in the War Department Suggestion and Award program, a committee which will review all suggestions on the spot has been formed at Torney General Hospital.

Headed by 1st Lt. Frederick L. Jones, control officer of Torney, the committee will meet at regular intervals to consider suggestions submitted by Torney employees, and make immediate cash awards for those which have practical merit in the War Department program.

ON COMMITTEE

Members of the committee who will serve with Lt. Jones, are 2nd Lt. Helen C. Bowen, Women's Army Corps, chief of civilian personnel; Warrant Officer (j.g.) John S. Stoughton, fiscal officer, and Mrs. Marian Lienau, chief clerk of civilian personnel.

Employees at Torney who have received cash awards under the program are Mrs. Esther Schultz, Cecil A. Wagner, Milbert E. Cameron and Ralph A. Nesmith, whose three awards have totaled \$165.80.

MANY INVENTIONS

Mr. Nesmith was presented his third cash award at a meeting of the committee this week. The award was made by Lt. Jones and was for the "Ace" bandage roller invented by the Villager which saves 6 hours a day on a single operation at the hospital laundry.

His other inventions which have won him awards are a push truck which saves 38 handlings per day and a barracks bag opener. Besides these he has several others.

Mrs. Vincent G. Dadds of Beverly Hills is expected in the Village Sunday. She will spend a week here and will close her home at 206 Morongo road for the summer.

Col. M. A. Selinger Transferred From Torney Hospital

Announcement has been made at that station, during the past week, of the transfer of Col. Maurice A. Selinger to a new post.

Col. Selinger arrived in Palm Springs, and reported for duty at Torney General Hospital, July 4, 1942. Since that time he has been Chief of the Medical Service Branch of this hospital.

Mrs. Selinger has been particularly active in musical circles of the Palm Springs area and has served the Torney Chapel as organist.

Col. Selinger will be succeeded by Lt. Col. Robert M. Jones, MC, as Chief of Medical Service.

Pendery Family At Resort In Mountains

Mr. and Mrs. Horace Pendery and their children, Mary and Jack, left Wednesday to spend the summer months at Lake Arrowhead.

Another son, Donald Pendery, enrolled in naval V12 training at California Institute of Technology, will join his parents at the mountain resort Friday, to spend a week. He has one more semester at Cal. Tech.

him off on the plane from Long Beach.

The McKinnies are spending a few weeks visiting relatives at the beaches and plan to spend the remainder of the summer in the San Bernardino mountains.

VILLAGE SANDWICH SHOP

Good Food

George Dennis
231 N. Palm Canyon Dr.

TO OUR CUSTOMERS:

During the past seventeen years in which The Desert Sun's printing department has been serving Palm Springs, we have had more work than we could handle during the months of September, October, November and December. Therefore, this summer we are asking our customers to ORDER THEIR PRINTING NOW for next season.

IT WILL PAY YOU to have your printing done during the Summer months and thus avoid the rush that always occurs at the beginning of the Fall and Winter season. When we are given more time we can give your work special attention and consequently a better job of printing.

It is certain the supply of paper will be much less next Fall than it is now, for the shortage is becoming more serious each day. However, we still have a good supply on hand and so far have been able to satisfy our customers.

We employ only expert printers, pressmen, linotype operators and other craftsmen. They are thoroughly familiar with the high-class type of work demanded by the people of Palm Springs.

OUR ENTIRE CREW REMAINS ON THE JOB ALL SUMMER.

Whenever possible, we would like to have from two weeks to a month to do your printing, as our printing plant ordinarily has orders on hand that far in advance. However, we can give much quicker service during the summer, and can make DELIVERY IN A FEW DAYS if necessary.

Thanking you for your past patronage and hoping we may have the opportunity to serve you this Summer, we are

Very truly yours,

THE DESERT SUN,
By CARL BARKOW.

This is the one that counts!

"...Ask the Joes in the front lines!" "...Ask that kid on the stretcher!" "...Ask those who bury our dead."

THEY KNOW. Every G. I. Joe knows. "This is the big show. This is the pay-off. This is the one that counts."

"Sure, we're going to take 'em. But it's going to cost us plenty . . . thousands and thousands of lives . . . billions and

billions of dollars.

"That's the price we must pay for a decent world—a world in which we and our children can live in peace. We G.I.'s will furnish the bodies. Will you furnish the dough?"

..and it's going to cost us plenty!

NOBODY needs to tell you that the fighting in this war is reaching a crisis. But we've got to realize also that we face a similar crisis in financing the war.

Make no mistake! The 5th War Loan is beyond question the biggest, most vitally important financial effort of this whole war!

We can't afford to fail.

Now is the time for every American, sol-

dier and civilian, to go all-out. Buy double the extra Bonds you bought last time!

And here are 5 More reasons for buying Extra Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the war.
5. War Bonds mean education for your children, security for you, funds for retirement.

Back the Attack!---Buy More Than Before!

Can Now Wash Off

Walks Up to 8—

But Be Careful

Now it is legal to use water—discreetly—when cleaning sidewalks, up to 8 a. m.

Ordinance No. 150 was adopted by city council Wednesday evening. It amends Ordinance No. 137, the Walk-Wash bill, by adding an hour to the time during which sidewalks may be flushed off.

The original ordinance specified the time between 5 and 7 a. m. The new measure allows use of water between 5 and 8 a. m.

But—the ban against flooding the gutters still stands.

Schedules

For Your Convenience

MAIL SCHEDULE

Post office at 174 North Palm Canyon Drive. R. M. Gorham, postmaster.

Eastbound mail closes on weekdays at 11 a. m. and 7 p. m. Westbound mail on week-days at 2:30 p. m. and 7 p. m.

City Building Is

Given \$2350 Boost

By Week's Permits

Five permits valued at \$2350 were issued by Arthur F. Wright, deputy building inspector at the city hall this week, bringing the total for June to date to 15 permits with a value of \$8315.

So far this year 123 permits with a total value of \$50,129.50 have been issued by the building department.

Permits issued this week were: June 19—LeRoy Mills, 168 East Via Escuela, lath house, \$200.

June 21—Annie Plymire, 235 North Palm Canyon drive, addition, \$250.

June 22—Palm Springs Water company, composition roof on new tank, Section 3, Perry Sanders, contractor, \$1,000.

June 22—Merrill Crockett, addition to

All Together Now— "In The Good Old Sum'r Time" Yeah?

Summer officially arrived in Palm Springs this week. No so much with the temperature as with the calendar.

According to the almanac, summer arrived three minutes past six o'clock, Pacific War Time, Wednesday morning.

The sun was already up and on the job when that happened.

Outside of a few seconds which nobody noticed, the days were practically all of equal length from Monday to today with Wednesday gaining the reputation of being the longest day of the year by a fraction of a second in a photo finish.

How long? Approximately 14 hours and 23 minutes each.

From tomorrow on, the days are going to get shorter.

The first day of summer here was about the coolest in a week. Maximum Wednesday was 89 degrees, minimum, 53.

A year ago summer came in with a bang on the heels of a hot week in which the maximum was well above 100, having hit 112 degrees on the next to the last day of spring. The maximum on the first day of summer, 1943, was 105. On the first day of summer, 1942, it was 114!

Walter Allen Off On Business Trip

Walter Z. Allen, well known local realtor and stock broker's representative, left for Pasadena this afternoon on a business trip. He will return Monday.

Final Clinics For Season to Be Held Monday, Tuesday

Final clinics of the season will be held next Monday and Tuesday at the Health Center, 299 East Amado road, Mrs. Madge Holderman, public health nurse, said today.

Dr. Mildred Van Cleve, county pediatrician, will be here for both sessions.

Following next week's clinics, they will be discontinued through July and August, to be resumed the last Monday and Tuesday in September.

Mrs. Holderman, however, will be at the Health Center throughout the summer with the exception of August. During her absence, a substitute health nurse will be sent here from the office of Dr. Warren A. Fox, county health officer.

MORE ABOUT . . .

Legion Dinner . . .

nates are Joe Omlin, Art Wills and Marvin Sale.

A vote of appreciation was given Art Lintenthal, chairman of the entertainment committee for his fine work.

BARBECUE, SWIM

Tuesday night's meeting was held at the Palm Springs Tennis club and was in the nature of a swim and a barbecue dinner, the evening of pleasure and business being enjoyed by the large number of Legionnaires present.

Stanton Griffing, chairman of the Legion's bond committee which is active in the Fifth War loan drive at present, explained the set-up to members present.

"RACE" TO BERLIN

The post has been divided into two teams, one the Eisenhower team and the other the Stalin team. Joe Omlin heads one group and John Holditch the other. The race is to see who gets to Berlin first—gets the most bonds sold. The losing team will foot the bill for a dinner.

To make the contest even, Griffing explained that one point will be awarded for every \$100 worth of bonds sold and four for each bond sold, regardless of the amount.

KEEP IT SECRET

To make the race more exciting, the points won on the dollar basis will be announced as they are scored but the points won on the number of bonds sold will not be revealed until the last day.

In this way the uncertainty will prevail to the last and will keep all hands hustling.

Next meeting of the Owen B. Coffman post will be held June 3 at the Dugout when committees for the new year will be announced by Commander Gordon Feekings.

Mary Allen Wins Redlands U. Honors

Mary Allen, daughter of Mr. and Mrs. Stuart D. Allen, Palm Springs, received special mention at the commencement exercises at Redlands University last Sunday when she graduated "cum laude," an award given her because of her high grade point average. A graduate of Palm Springs high school, she majored in education at Redlands U.

Villagers to Spend Summer At Idyllwild

Mrs. Ella Loth Johnson of 295 Mesquite avenue, and her sister, Mrs. Marjorie Schanderl, are now on a ranch at Idyllwild where they will spend the summer months.

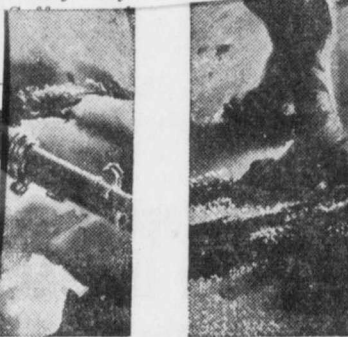

They left the Village for the mountains last week.

big show. This is the

now and the first camp period is from July 25 to August 1; the second from August 1 to 8; and the third from August 8 to 15.

Hiking, aquatics, mapping, nature study, archery, first aid, emergency service training and other Scoutcraft are on the program.

Scoutmaster Sanard said registrations should be made at once.

No Report Ready On Proposed Dog Pound Ordinance

Councilman C. P. Adams of the General Committee to which the question of employing a dog catcher and establishing a city pound was referred, reported to city council Wednesday night that all details of the plan had not yet been worked out.

The committee and City Manager Ray M. Sorum have been studying the matter.

School Girl Has A Poem—It's on Fifth Bond Drive

Eager to do her part in the Fifth War Loan drive besides using stamps and bonds, Victoria Shirley Matloff, 12-year-old school girl, typed the following poem on the drive this week. She is the daughter of Mr. and Mrs. Irving Matloff.

WAR BONDS

Buy a stamp, buy a bond, and help win the war.
Those boys over there, it's us they're fighting for.
Tanks and guns and bullets, that's their need, don't fail them now, but plant that seed, of Victory, let freedom bells ring out once more.
Buy bonds, buy bonds and then buy more.

Don't leave it all to the boys over there
On the land and sea and in the air.
Pitch in and help and do your share,
Bring joy to the world and our boys from over there.

Tax Payments Under Average In County

Property tax levies in Riverside county averaged \$39.60 per \$1,000 of assessed valuation. City, county, school and special district taxes are included in the \$3,844,698 levy.

The county's average was 10 cents lower than the state average of all counties which was \$39.70 per \$1,000 of assessed valuation.

Recreation Program For New Year Still Before Committee

Councilman Maurice McCann, chairman of the Committee on Boards and Commissions, reported Wednesday night that his committee was not yet ready with its report on the recreation program for the new fiscal year starting July 1.

William Veith, local Indian agent was present, and discussed with the council the possibility of leasing land on the reservation, Section 14, at the corner of Indian avenue and Ramon road, for a close-in recreation spot. Mr. Veith said six acres might be available but that nothing definite could be given out now.

No action was taken by city council on the resignation of R. H. Bennett, recreation director, who wants to step out of his position on June 30.

Lee Shippey, Noted Writer, Addresses Air Field Group

Lee Shippey, noted author and columnist, who conducts a daily column on the Los Angeles Times editorial page, "Lee Side," addressed military personnel at the 21st Ferrying Group at the army air base yesterday on "What We May Gain From This War."

Mr. Shippey has four sons in uniform, one missing in action in Italy.

Last week another noted speaker and author addressed the Orientation classes at the air base. Dr. Adamios Polyzoides, U.S.C. professor and also a writer in The Times.

Swofford Takes His Vacation In North

F. W. Swofford, Rail Express agency manager here, is in San Francisco this week on his annual vacation.

During his absence, W. S. Davis of Pueblo, Colo., is in charge of the local office.

Driskell Request Is Given Planners

Application of C. L. Tex' Driskell of Driskell's Refrigeration service for permission to operate his business in a C-2 zone, 171 North Indian avenue, was referred by city council Wednesday night to the Planning Commission for study and report.

\$500 Appropriated For City Publicity

Ordinance No. 148, appropriating \$500 for the Chamber of Commerce for use in publicizing Palm Springs was passed by city council Wednesday night.

The sum is the Village Chamber's share in the All-Year Club's advertising campaign.

The Dutch by the Treaty of Breda (1667) gave New Netherlands (New York) to England in exchange for Surinam, also called Netherlands Guiana.

MORE ABOUT . . .

Bond Drive . . .

will be presented at the Plaza. This will be the "Victory" show and all who buy bonds between June 27 and date of the final show will be entitled to a ticket.

BAND CONCERT, TOO

Preceding the premier next Monday there will be a band concert, first outside, then from the stage of the theatre. An excellent speaker will be heard. The usual Monday band concert at the Village Coffee Shop will not be presented. Instead the 21st Ferrying Group band will play at the theatre starting at 7:30 o'clock. The picture will start at 8:15.

Arrangements are now being made to have Walter Brennan, one of the stars of the picture, be present in person Monday.

ROPE OFF STREET

Through arrangements with Chief of Police Lyle J. Sanard, Palm Canyon drive, in the block before the Village Coffee Shop, will be roped off on Monday and Friday nights from 6 o'clock to 8 and traffic detoured around Indian avenue. This will clear the street of cars and enable the throng to get closer to the center of proceedings.

Harold Hicks urged that those planning to attend the concerts and bond rallies, bring their own chairs and listen in comfort.

M.P.'S TO HELP

Chief Sanard will have the aid of four military police, two from Torney and two from the army air base, in controlling traffic these nights.

The street will be blocked to-night but not next Monday night, date of the premiere. A week from tonight at the regular concert, the barriers will again prevail.

LEGION TO ACT

The American Legion will take charge of the July 6 show and many special features are being planned. Mr. Griffing, chairman of the Legion bond decommittee said.

On suggestion of Cpl. Kuller, many souvenirs of the war from all fronts, Japanese and Nazi helmets, parts of rifles, bayonets, enemy planes, tanks and guns, will be brought to the Village and placed on display.

An auction sale of some of these souvenirs is planned, the purchase price being bonds.

TENNIS STARS HERE

The tennis matches starring Big Bill Tilden, originally planned for last Saturday at the Palm Springs Tennis club but unavoidably postponed, will be held tomorrow afternoon, starting at 4:30 o'clock.

Peter Witt, European Junior tennis champion and a member of the German Davis Cup team at one time, will also be seen in action as will be Gloria Burman, ranking U. S. women netter, and Gertrude Moran, runner-up in the recent state singles championships.

AUCTION PLANNED

The committee plans to obtain some used tennis balls and have them autographed by Tilden, selling them at a bond auction.

Chief of Police Lyle J. Sanard who is also Scoutmaster for the local troop, said the Scouts had sold approximately \$5,000 worth of bonds. They maintained a booth before the Bank of America last Saturday and plan to repeat the procedure this week.

WOMEN HELPING

A group of willing women workers, under direction of Mrs. Armand Turonnet is selling bonds at a table in Tom Holland's Lykken's Department store and at tables for special events such as the Monday and Friday band concerts.

Mr. Holland reported at Tuesday's meeting that bond sales, as of Monday evening, were \$256,000, or within \$90,000 of the \$346,000 goal.

We'll make that this week and go on to double it next week," he said.

In the Fourth War Loan drive, held here during the height of the season, Palm Springs trebled its quota.

Chairman Holland wished to express the gratitude of the war loan committee to the management of the Village Coffee shop and to the Palm Springs Drug company for refreshments served the boys of the 21st Ferrying Group band after their concerts, and to Mrs. Billy Lipps of the Del Tahquitz hotel for the accommodations offered the bond speakers at these rallies.

Local Army Base Plans Big Part In Outstanding Feat

Playing a prominent part in one of the outstanding developments of the present war, the 21st Ferrying Group at the Palm Springs army air field is now the home of two air evacuation units engaged in removing wounded by air from ports of disembarkation to military hospitals.

Both units arrived last week end.

Evacuation of wounded by air has been one of the leading features of the present war and the remarkable showing made in saving lives of war-wounded is credited to air evacuation units.

MORE ABOUT . . .

Desert Visitor . . .

—for Mecca and points east. They reached their destination about noon. The shortage of public swimming pools back here in Palm Springs was forgotten as they took a salt water bath in the middle of the desert. All pepped up, they made the uphill trip back with ease.

ANOTHER LITTLE ONE

Now Mr. Reimer is talking of a little bicycle ride to El Centro and back, just to while away the time.

In his younger days, up around Alaska, Mr. Reimer was noted for his walking trips, some of them extending several hundred miles. Now it's bicycling and with the same enthusiasm and endurance.

Copies of the RIVERSIDE COUNTY DELINQUENT TAX LIST FOR 1944

Are Now Available at the Office of
THE DESERT SUN

This service is provided through a co-operative arrangement between The Riverside News, publisher of the Tax List, and all other Riverside County newspapers outside the county seat.

All of the newspapers, including The Desert Sun, participated in its production.

Readers of The Desert Sun who are interested, may secure a copy of the Delinquent List, as long as they last, by calling at this office.
